Patrick's appointment seems to disprove the governor's surmise-at least it is so regarded by Mr. Golden, a distinguished citizen of Guthrie, who was an applicant for the same place, and with renewed hope he has again entered the field by simply scratching out the name "Sac and Fox" and sub stituting "Osage agency" in his application and endorsements. He left today, estensibly for Chicago, but his real destination is Washington. It will doubtless embarrass the president when Mr. Golden calle on him, for on a previous occasion rupted his "spiel" by asking if he wasn't cumstance was certainly in his favor, that surrounded Golden with a halo of his hotel in the firm conviction that the democratic. POSTOFFICE MATTERS. The postoffice referees, Governor Secretary Jenkins and M. C. That the Japanese will press the caim there is not a doubt. Who will take sides with Hawaii? America. What will be the result? The Japanese population now of the Sandwich Islands is about 25,000; say about 18,000 of them are men, and these men are practical soldiers who have been through their conscript term in the army. San Francisco, July 7 .- All day long rains laden with Christian Endeavorers have been pouring into the city. Although their headquarters at the Mechanics pavilion were opened as early is 5 o'clock in the morning, there were delegates at the doors awaiting the welcome already assured.

Among the first to arrive were the Ohio delegates, who came shouting the yell of the Buckeye state. The second and third sections of the Iowa special brought 550 delegates.

The first section of the Michigan delegation arr.ved and 200 people registered at headquarters. From Kentucky and Indiana 300 people came.

A train with 250 Endeavorers arrived from Oregon. The first and second Wisonsin specials came in and the specials from New York and New Jersey. One of the next delegations to arrive in a body was from Vermont. On the same train were the representatives from Missouri, the strongest representation being from St. Louis.

The Vermonters numbered sixty-three and were accommodated in two Pullman cars. The party was under the direction of Rev. F. F. Lewis, pastor of the Hardwick Congregational church. Among others in the party are Rev. W. C. Clark, Rev. Wessell, Rev. Benjamin swift, and D. W. Fisher.

The Colorado delegation came in with a ringing yell: "Pike's Peak or bust! Pike's Peak or bust! Colorado, Colorado, Yell we must!"

A few of the representatives of South Dakota arrived on the train that brought the Iowans. Over 500 people from Kansas have arrived, and are more than pleased with their reception and the arrangements made for their comfort. "FATHER" CLARKE.

The most noted arrival of the city was 'Father" Clarke, founder and president of the society. He came on the Massachusetts special, and was greeted with a genuine ovation. He expressed his surprise and pleasure with the character and completeness of the arrangements for the convention.

"It beats anything I've ever seen," was his laconic expression.

The slight delays of the various trains have occasioned little complaint, while the marvelous handling of the enormous number of special trains now upon the road is the subject of admiration. It is true, however, that considerable inconvenience will be caused by the late arrival of some of the more distinguished delegates.
